

SC Regional 3D Championship

Upper and/or Lower State 3D Championship

The SCAA has introduced for the 2011 season a Regional 3D State Championship for all archers to participate in. No affiliation to a National, State or Club organization is required to compete for the SC Regional 3D Championship. We have designed this Championship event to allow a competitor to qualify at their leisure in the regions of the Upper State and Lower State clubs. Our goal is to create an atmosphere of excitement and participation to the archers of South Carolina and possibly extending out to our neighboring States.

The basic concept of this Championship is for an archer to participate in their class/division at least once at every club in that region with the highest score from each club counting towards the final total of all clubs in that region. The upper State has 4 clubs and the Lower State has 3 clubs.

The fees that are collected will go directly into the trophies, so the more that participate the better the awards.

It is HIGHLY recommended that you study the schedule and see when your last shoots to be eligible for the Championship in your region.

As of now here are the last qualifying shoots for each club;

UPPER STATE;

Saluda River – July 23 – 24

Keowee – July 16 – 17

TAB – July 2 - 3

Tamassee Hills - June 18 – 19

LOWER STATE;

Swamp Fox – August – 6

Wateree – June – 25 – 26

Sandune – June 4 - 5

Each competitor must complete a separate (per region) dated entry form and turned in. You will receive a receipt from the club at the time of registering. Scores from that date will qualify towards that regions Championship.

The Regional 3D Championships are completely separate from the SCAA 3D Championship.
